ALGEE, the Mental Health First Aid Action Plan

- Assess for risk of suicide or harm*
- Listen nonjudgmentally*
- Give reassurance and information*
- Encourage appropriate professional help*
- Encourage self-help and other support strategies*

Funding provided by grant number 1U79SM061741-01 from the Substance Abuse and Mental Health Services Administration (SAMHSA), U.S. Department of Health and Human Services (HHS) via the Nebraska Department of Health and Human Services, Division of Behavioral Health. Sometimes, first aid isn't
a **bandage**,
or **CPR**,
or the **Heimlich**,
or calling **911**.

Sometimes, first aid is **YOU!**

Someone you know could be experiencing
a mental illness or crisis. You can help them.

You are more likely to encounter someone — friend, family member, coworker, neighbor, or member of the community — in an emotional or mental crisis than someone having a heart attack. Mental Health First Aid teaches a 5-step action plan to offer initial help to people with the signs and symptoms of a mental illness or in a crisis, and connect them with the appropriate professional, peer, social, or self help care. Anyone can take the 8-hour Mental Health First Aid course — first responders, students, teachers, leaders of faith communities, human resources professionals, and caring citizens.

Sometimes, the best first aid is you.
Take the course, save a life, strengthen
your community.
